

Student: Nick
Fall Semester 1982/83
Semester 1

Excerpt from an email received from Nick:

“I was a semester 1 student, and it's been a very long time since I've had contact with the OSCSS. I just wanted to pass along that, 34 years later, being involved with the program was an amazing experience that helped me become the person who emerged from it, and I wouldn't be who I am had I not been a student.”
