IMPORTANT NOTICE

Please DO NOT send food containing NUTS to Camp as many campers have severe, life-threatening allergies to nut products.

The Ontario Science Centre cannot guarantee a nut-free environment.

What about camper care?

Camper safety and supervision is of the utmost importance. Camp programs are delivered by responsible, enthusiastic and caring counsellors with a broad range of expertise and experience working with children in an educational and / or recreational environment and have Vulnerable Sector Screening Checks. Our diverse staff includes teachers, science educators and university and high school level students with a science or education-related background.

Can visitors access Camp rooms and / or join in Camp activities?

Ontario Science Centre visitors or camper parents / guardians are not permitted to enter Camp rooms or to join in Camp activities. If you would like to visit the Ontario Science Centre

and / or the OMNIMAX[®] Theatre while your camper is busy at Camp, regular admission fees will apply.

What about health and safety?

All members of the Ontario Science Centre's protective services staff, as well as Camp staff, are trained in First Aid and CPR. In addition, the Camp First Aid Provider will assist ill campers and ensure that health and safety standards are maintained.

The First Aid Provider can be reached by phone at 416-688-6916 from 8:30 a.m. to 4:30 p.m., Monday through Friday. The First Aid Provider is available in person at the Camp entrance, between 8 and 9 a.m. on Monday mornings.

Ontario Science Centre staff, including the First Aid Provider, **cannot administer medication** to campers. If your camper must take medication during their Camp day, please see the First Aid Provider and / or a Camp Supervisor or your camper's counsellor to discuss options. While we will do our best to remind campers of their medications, we cannot guarantee this.

After-Bite or similar sting itch relief product may be administered if necessary.

For the health and safety of your child(ren) and because campers' activities take place throughout the Ontario Science Centre, we require camper(s) with EpiPens[®] to carry them at all times while at Camp.

What about health and safety? (cont.)

Please complete the **Medical / Special Needs Form** if you have information you need to provide us about your camper(s).

What if my camper has special needs?

The Ontario Science Centre recognizes the individual needs of campers. If you indicated your camper's special need(s) or medical information on his/her Medical / Special Needs form, we may be in touch with you prior to your Camp week for more information.

We regret that we cannot provide one-on-one supervision or specific medical support, but **campers with special needs may have an adult support person accompany them free of charge.**

How is my camper expected to behave at Camp?

In order for all to enjoy their Camp experience, it is expected that campers will respect each other, their counsellors, supervisors and their environment while at Camp. It is also expected that no camper will exhibit behaviour that is harmful to them self or anyone else.

If a camper does not adhere to our Camper Code of Conduct or behaves in an unsuitable / unsafe manner, the registering Parent / guardian will be notified. If it becomes necessary to remove the camper, a partial refund will be considered. Violent behavior will not be tolerated and will result in termination of the enrollment.

- ✓ Respect fellow campers, volunteers, staff and other visitors.
- ✓ Treat people the way I would like to be treated.
- ✓ Cooperate with camp staff and follow their instructions.
