

# Watts Ahead for Electricity: A Symposium for Grade 9 Science Students

**Wednesday, April 30, 2025, or Thursday May 1, 2025  
9:45 a.m.–2:00 p.m.**

**Bring your students to an immersive symposium on electricity generation and distribution.**

Through hands-on activities, they'll be able to build circuits and design the power grid of the future. Industry experts will share their career journeys in engaging presentations, offering valuable insights into the world of electrical energy. This unique experience will help students connect classroom learning to real-world applications.

## **Symposium Details**

- This event is designed for students who have completed or are currently enrolled in Grade 9 Science.
- Registration is limited to 120 students. Bookings are on a first-come, first-served basis and subject to capacity. Please return the completed application form as soon as possible to: [schoolbookings@ontariosciencecentre.ca](mailto:schoolbookings@ontariosciencecentre.ca)
- All students must be accompanied by a teacher/chaperone. We will admit 1 chaperone per 15 students at no charge.
- Doors open at 9:15 a.m.
- Attendees must bring a lunch, as there are no food vendors on site or nearby.
- An additional parent permission form specific to attending events at York University will be required from each student. The form will be sent to you once you have registered.

Clean electricity has the power to transform how we live, work and treat our planet. From interactive learning to virtual programming to engaging classroom resources, OPG's WattNext will help you explore all things energy in Ontario and beyond. Website coming this spring. Powered by Ontario Power Generation in partnership with Ontario Science Centre.
